RE: Dublin, PA, Main Post Office Project

Dear Mayor Hayes:

In accordance with 39 C.F.R. § 241.4, this is the United States Postal Service's final decision with respect to the Postal Service's proposal to relocate retail services from the above-referenced Post Office to a new location. The Postal Service has primarily identified the newly built Dublin Town Center. If this location is not adequate or an agreement cannot be reached with its owner, the Postal Service will consider other sites.

The Postal Service sent an initial letter to you on April 6, 2021, and due to COVID 19, in lieu of a public meeting, a postcard was sent on April 6, 2021, asking for community input. The Postal Service has carefully considered all the concerns expressed, as well as in appeals and comments received within 30 days after sending the postcard. For the reasons set forth below, the Postal Service has decided to proceed with the relocation.

Because of the developers plan for the Dublin Town Center construction, the Postal Service was required to vacate the facility. A new facility will allow the Postal Service to maintain and improve our service to the community. The Postal Service anticipates providing the same services at the new location as were provided to our customers at the previous location. Additionally, the Postal Service plans to continue retail services at the alternative Post Office in Doyle, PA, until the replacement facility is open and operating as a Post Office.

While the Postal Service is sensitive to the impact of this decision on its customers and the community, the Postal Service properly considered community input and this decision is consistent with Postal Service objectives. Postal Service operations are not supported by tax dollars. To be self-sustaining, the Postal Service must make decisions that ensure it provides adequate and affordable postal services in a manner that is as efficient and economical as possible.

This is the final decision of the Postal Service with respect to this matter, and there is no right to further administrative or judicial review of this decision.

Sincerely,

Tom A. Samra
Vice President, Facilities
